INTEROFFICE CORRESPONDENCE

DATE February 25, 1992

TO P S Bunge, Remediation Programs, T130B, X5744

FROM E A Dillé, Remediation Programs, T130B, X3200

SUBJECT REASSIGNMENT OF IHSS 122, UNDERGROUND STORAGE TANKS, FROM OU 13 TO
OU 9 - EAD-014-92

On January 28, 1992, EG&G Rocky Flats conducted an Operable Unit (OU) site visit with the OU 13 project managers from the Department of Energy/Rocky Flats Office (DOE/RFO), the Environmental Protection Agency (EPA), the Colorado Department of Health (CDH), and the subcontractor writing the Phase I Work Plan. During the field visit, Joe Schieffelin from CDH suggested that IHSS 122, the Underground Concrete Tanks, should be reassigned to OU 9, the Old Waste Process Lines.

Joe Schieffelin informed DOE/RFO that he would initiate the paperwork to reassign IHSS 122 from OU 13 to OU 9. He said that he had already sent the necessary documentation to the State Attorney General's office and would authorize DOE/RFO to reassign the IHSS as soon as he was notified from the state.

As of this date, the DOE/RFO Project Manager, Bob Birk, has not received authorization to make the change. However, Joe Schieffelin said the documentation is still being reviewed at the State Attorney General's office.
